

March 14, 1983

LB 179, 573

the amendments are, number one, in standing committee amendments on page 409 of the Journal, these have been changed on page one, line 8 strike, beginning with the second line through (.) and insert "gases" in line 22. In line 9 after "comma" insert line 1, strike "adversely effect," and insert "have a substantially adverse effect on," and strike lines 1... These were the ones that were printed in the Journal.

CLERK: They have not been in the Journal, Senator, no.

SENATOR V. JOHNSON: These have not been printed apparently.

CLERK: I understand that there have been a couple of versions and this is the corrected version, but these have not been in the Journal, Senator.

SENATOR PAPPAS: Could I ask to pass over this bill for this day?

SENATOR V. JOHNSON: Senator Pappas, because it is your bill you may request that it be passed over.

SENATOR PAPPAS: I so request.

SENATOR V. JOHNSON: All right, in that case LB 179 is passed over for the day. We will now proceed to LB 573. Are there any E & R amendments?

CLERK: With respect to LB 573 I have no E & R amendments. The first amendment I do have to the bill is offered by Senator Vickers.

SENATOR V. JOHNSON: Is Senator Vickers on the floor to take up his amendment? Senator Tom Vickers. Since Senator Vickers is not present on the floor, do we have other amendments from other senators?

CLERK: Mr. President, Senator Haberman has an amendment to the bill.

SENATOR V. JOHNSON: Senator Haberman. Is Senator Haberman in the Chamber? Well, seeing neither Senator Vickers nor Senator Haberman in the Chamber, I would then call upon Senator Rod Johnson to move this bill.

SENATOR R. JOHNSON: Mr. President, I move that we advance LB 573 to E & R for engrossment.

SENATOR V. JOHNSON: All in favor signify by saying aye, aye. LB 573 is advanced to E & R final. LB 133, please.
